SUMMARY

Highly motivated web developer proficient in HTML, CSS, JavaScript, React.js, Node.js, and other web-based technologies. Skilled in developing full-stack applications and a collaborative team player with excellent communication skills. Strong understanding of common web technologies, languages, and frameworks.

TECHNICAL SKILLS

Languages: JavaScript, Python

Front-End: HTML, CSS, React, Tailwind

Back-End: MongoDB, Mongoose, GraphQL, Express.js, Node.js, MySQL, Sequelize, Flask

Other: Git, Agile methodology, TDD

PROJECTS

Awake | [GitHub](#) | [Deployed Application](#)

- MERN stack application that uses gamification to make setting goals both intrinsically and extrinsically motivating.
- Created models and routes on the backend. Used login validation to dynamically render information using React.
- Made a landing page for the application: <https://awakeapp.info/>

Reverse Mortgage Calculator | [GitHub](#) | [Deployed Application](#)

- Created the reverse mortgage calculator for a client as a freelance project. The calculator takes lump sum advance, interest rate, # of years, and monthly loan advance to graph out the value of a reverse mortgage over time.
- Uses HTML, Tailwind CSS, and JavaScript.

EXPERIENCE

2U

Aug 2022 - Current

Learning Assistant, Full-Stack Web Development

Columbus, Ohio

Play an integral role in building trust and executing engagement with students to assist their learning experience. Guide students in learning course content through one-on-one instruction in teaching web development.

Responsibilities:

- Work in a fast-paced environment answering questions and helping students.
- Collaborate in a team setting to give the best support possible to students in the boot camp.
- Prepare and stay updated with specific curriculum and core concepts of the assigned program.

- Provide world-class student support while adhering to our support model to solve and respond to curriculum-based technical questions.
- Craft easy-to-understand responses that guide students to discover the answer to their questions.
- Attend and contribute to daily meetings at the start and end of every shift.
- Contribute to a culture of trust by adhering to all operational and system procedures.
- Collaborate with other team members to troubleshoot, support, or redirect students' questions.
- Infuse empathy, support, encouragement, and fun into the students' learning progression.
- Attend training and development sessions as determined by management.
- Contribute to team-wide support goals by meeting and exceeding personal key performance indicator goals.

Cameron Mitchell Restaurants
Food Server

Jun 2021 - Aug 2022
Columbus, Ohio

Honed communication and customer service skills while working on a team in a fast-paced environment for one of the best restaurant companies in Columbus.

Unbound Modern Apparel, LLC
Co-Founder

Jan 2019 - Jun 2021
Columbus, Ohio

Created a streetwear brand focused on philanthropy and inspiring children in our community to live a life free of limitations and boundaries.

Accomplishments:

- Sold clothing at dozens of live venues and festivals.
- Leveraged social media marketing to generate leads and drive sales to our website.
- Donated thousands of dollars to charities as a result of campaigns to raise awareness and activism.

EDUCATION

Boot Camp Certificate: *Ohio State University, Full Stack Web Development* July 2022
